

APPENDIX 4

Agreement between City Council and Cambridge Cyrenians

Cyrenians referrals to second stage accommodation will come via the Allocations and Resettlement Planning meeting at the onset of reconnections BUT that Cyrenians would reserve the right to withdraw from this process, following a partnership review, if it is felt referrals were being imposed or if reconnections was being applied unfairly in respect of access to stage 2 accommodation.

Cyrenians will be represented on the Reconnections Forum in the form of the Mental Health Outreach Team but it is agreed that if Cyrenians wished to send another representative on an ad hoc or regular basis they could do so. The main players will be front line, first stage agencies.

October 2006
