(CCC) LA Flex for Cambridge City Council

I would like to make a freedom of information request in regard the Council's Statement of Intent for Flexible Energy as follows: 1. Please can you provide the latest version of your Statement of Intent for LA Flexible Eligibility 2. Please can you provide a list of all Registered Installers that are able to install Energy Company Obligation measures under the Council's Flexible Energy scheme determined by the Council in the Statement of Intent requested above This is so we can refer fuel poverty applicants to the correct installers that are able to assist fuel poverty applicants in the council area.

Response:

Cambridge City Council's latest version of their Statement of Intent is available online here: <https://www.cambridge.gov.uk/media/7349/eco-flexible-eligibility-scheme-statement-of-intent.pdf>

The following companies have registered with us to on board and utilise ECO Flex in Cambridge. The on-boarding process is fairly straight forward and requires companies to sign a data sharing agreement with us. On boarding is open to any company who can provide the required services and accreditations to do the work covered under the scheme.

Current contractors are:

Advanced ECO Ltd

Aran Services Ltd

Dyson Energy Services

Thrift Energy Ltd

However, any qualifying company can apply to be registered with us.

Further queries on this matter should be directed to foi@cambridge.gov.uk
