

(CCC) Local Green Spaces

1. the number, name (where known), location and size of areas designated as 'Local Green Space' (in accordance with the definition set by the NPPF) within current (adopted or made) development plan documents within your local authority area.
2. which development plan document (adopted local plan or made neighbourhood plan) each local green space is defined in, and the year the plan was adopted or made.
3. the reasons for their designation. The NPPF gives guidance on justifying a local green space designation due to beauty, historical significance, recreational value, tranquillity or richness of wildlife. We would like to know whether the local green space falls into one or more of these categories.

Response

1.the number name (where known), location and size of areas designated as 'Local Green Space' (in accordance with the definition set by the NPPF) within current (adopted or made) development plan documents within your local authority area.

There are no Local Green Space designations within Cambridge City Council's boundary.

2. which development plan document (adopted local plan or made neighbourhood plan) each local green space is defined in, and the year the plan was adopted or made.

Cambridge Local Plan adopted 2018

3. the reasons for their designation. The NPPF gives guidance on justifying a local green space designation due to beauty, historical significance, recreational value, tranquillity or richness of wildlife. We would like to know whether the local green space falls into one or more of these categories

N/A
