(CCC) HMO Register

Please could you send the link of the up to date HMO register document stating the property addresses, license owner's name and home address, max number of occupants.

The direct document is preferred to a link to a website, as I've found trouble accessing the register through those websites.

Response

This information is already reasonably accessible to you. Under section 21 Freedom of Information Act 2000 (FOI) there is no right of access via the FOI Act if this is the case.

Unfortunately due to a new software system the link to the Public Register for licences has broken. We are urgently trying to put together a report with the required information but this is taking longer than expected. When it is available we will be back in touch with you with the required information as soon as possible.
