Brief description of the works			

I refer you to Policy GM7 of the Cambridge City Council Citywide Tree Strategy 2016-2026 Part 2:

POLICY GM7: The Council will consult residents and stakeholders regarding the following

kinds of work on Council owned land:

1. Tree management plans.
2. New tree planting locations.
3. Replacement plantings that will impact the character of an area.

Ward councillors are asked to comment first and offered ten days to respond.

Publication of the planting positions or new species on the Council website will follow and be identified for public consultation. Housing, Highways, and Parks managers will then be notified to communicate to various stakeholder groups. The groups have ten days to respond and must supply their names and addresses.

I refer you to Policy GM6 of the Cambridge City Council Citywide Tree Strategy 2016-2026 Part 2:

“The relevant Executive Councillor will determine all unresolved objections to tree work subject to public scrutiny.”

If you wish to make a comment about any of the works proposed, please submit them via this link: [Comment on a tree work schedule](#). All unresolved objections to tree work subject to public scrutiny will be determined by the relevant Executive Councillor.
