(CCC) Business Rates

I have recently downloaded your business rates data from <https://www.cambridge.gov.uk/open-data-transparency-in-local-government>

However, while there are columns relating to retail relief, they seem to all be empty implying that no retail relief info is provided in this data. Please could you provide me with a list of properties currently receiving the retail discount?

Response

As you will be aware we publish data quarterly which would normally provide a Retail Relief indicator against each relevant record. Due to the changes made to retail relief eligibility in 2021 we have become aware that the data set is not properly reporting cases where retail relief is currently awarded. We are working on a fix for this and hope to be able to publish a refreshed data set within the next 14 days.
