(CCC) Disabled Facilities Grants

I was just emailing to enquire to see if you currently have any Local Authority Schemes / Funding available for Park Home Residents for Insulation and/ or any Disabled Facilities Grants?

Response

I think your query would be better answered by calling us on 01954 713330. You are welcome to ask for me (Frances Swann) tomorrow, 31st or in the new year and I can talk you through the situation that you have and advise accordingly.

However, I attach below a list of policies and information links that will be of use to you. We do and have insulated park homes in Cambridge City and South Cambs, although there is no suitable funding for this type of work via our service in Huntingdonshire. Our grants are means tested so we could get one of these done for you first to see if whomever you are enquiring on behalf of is eligible for a grant. If you email my team hia@cambshia.org they can send you a means test form to complete. I would also suggest that you make contact with the relevant district council's Energy Efficiency Officer as they will be aware of other government schemes and can talk you through what may or may not be suitable.

[adaptations and repairs policy cambridge - Bing](#)

[LEAP \(the Local Energy Advice Partnership\) - South Cambs District Council \(scams.gov.uk\)](#)

[\(20+\) Cambs Home Improvement Agency | Facebook](#)

there is a useful video pinned to this facebook page about DFG and other grants

[Cambridgeshire Home Improvement Agency \(cambshia.org\)](#)

Disabled Facility Grants are covered by the above Adaptations and Repairs Policy above and are used to fund adaptations for disabled people and not home repair work unless that work would make the home more accessible for a disabled person.

Further queries on this matter should be directed to foi@cambridge.gov.uk
