(CCC) Abatement Notices Served - 31st October 2016 and 31st October 2021

Please provide an electronic copy of all abatement notices served under section 80 of the Environmental Protection Act 1990 by the Council relating to the operation of commercial premises between 31st October 2016 and 31st October 2021.

Please ensure this includes all covering letters sent with such notices as these inform on the requirements of the notice in law and are considered part of its requirements plus all accompanying schedules and appeal documentation sent.

Response

Please find information requested in the attached zip file noting that in some cases more than one notice was served depending on who was considered responsible for the nuisance in each case, however the content of both the covering letter and notice remained unchanged.

We aim to provide a high-quality service to you and hope that you are satisfied with this response. If you have any further questions, please do not hesitate to contact us.
