### **(CCC) Community Toilets**

How many “community toilets” are the council operating at this time?

#### **Response**

Community Toilets I am conducting a survey concerning the use of community toilets, and implementation of these by councils. The definition of community toilets can be found here. While this definition is from London, they are operated in the same way by councils outside the city. Please could you provide me with the information: How many “community toilets” are the council operating at this time? We do not operate a Community Toilet scheme at this time.

We aim to provide a high-quality service to you and hope that you are satisfied with this response. If you have any further questions, please do not hesitate to contact us.
