(CCC) Air Quality

I would like to know how many Air Quality Management Areas have been revoked and how many declared in the past 10 years.

Response:

Thank you for your request for information above, which we have dealt with under the terms of the Freedom of Information Act 2000.

I hope the following will answer your query:

Cambridge City Council declared one AQMA in 2004 for the centre of Cambridge for breaches of the National Air Quality Objective (AQO) for annual mean Nitrogen dioxide (NO₂) concentrations.

No AQMA's have been revoked by Cambridge City Council in the last 10 years.

We aim to provide a high-quality service to you and hope that you are satisfied with this response. If you have any further questions, please do not hesitate to contact us.

Further queries on this matter should be directed to foi@cambridge.gov.uk
