**(CCC) Tree Survey, Carisbrooke Road**

I would like a copy of the most recent three tree surveys conducted on the piece of public land on Carisbrooke Road, CB4 that falls on the border of Mayfield Primary School, CB4

**Response:**

Thank you for your request for information above, which we have dealt with under the terms of the Freedom of Information Act 2000.

I hope the following will answer your query:

We record our tree planting locations, officer inspections and work history using Ezytreev software [[Tree, TPO and asset management system \(ra-is.co.uk\)](http://ra-is.co.uk)]. Council trees are managed according to policies set out in our Citywide Tree Strategy 2016-2026 Part 2 [[Tree strategy - Cambridge City Council](#)].

Our records show 39 tree locations outside Mayfield school. Some of these locations are vacant. The attached .pdf document lists all 39 locations, a unique ID, and a tree number used to reference the location on the map at the end of the document. Details also include species, whether a tree has been felled or proposed for planting, tree works history, tree inspection history, tree condition, dates officer and contractor codes.

We aim to provide a high-quality service to you and hope that you are satisfied with this response. If you have any further questions, please do not hesitate to contact us.

Further queries on this matter should be directed to [foi@cambridge.gov.uk](mailto:foi@cambridge.gov.uk)
