

## **Peterborough and Cambridgeshire Child and Family Centres**

Child and Family Centres provide access to services for families with children pre-birth to 19 years.

We offer universal groups and sessions for parents with children under the age of five, where you can meet other parents and enjoy some play time with your child.

We offer support such as learning parenting skills on behaviour, toilet training or helping with sleep routines.

You can access certain health services through your Child and Family Centre such as health visitors and midwifery.

The Child and Family Centre can also help with housing applications, finance and budgeting, accessing certain benefits and debt relief support, we work with a wide range of organisations that can help support you and your family.

The Child and Family Centres can support you to access childcare and school places, adult learning opportunities as well as support for children with SEND.

You can search online for Cambridgeshire Child and Family Centres here :
