Key Notes and Special Instructions

I want to invite you to quote for tree maintenance works, details of which can be found on the attached schedules and maps. Don't hesitate to contact the Instructing Officer via the Due-North portal for any enquiries relating to the works or should additional mapping/resources be required.

To be considered, your quotations must be submitted via the Due-North Portal by noon on the date shown above. The returns will be evaluated, and I will let you know the outcomes shortly after this date. All works are subject to the outcomes of our consultation protocols and the availability of appropriate finances. As part of your quotation, please let me know when you would be able to commence these works, which are required for completion by the date shown in the table above.

Terms and Conditions

For full terms and conditions, please refer to the Framework Contract details; however, I would like to remind you of the following:

The Council expects work to be carried out in accordance with the contract specification and within the agreed timeframes. In instances where a contractor's performance is deemed sub-standard through:-

- a) Failure to complete the works within the specified timescales or any agreed extension to the specified timescale, and
- b) Greater than 5% of any specified trees or groups within a schedule is assessed by the Instructing Officer as having one or more uncompleted works specification

Then the Council reserves the right to defer the award of further work to that Contractor until the Contractor's performance improves to meet the standard(s) in the contract. This may include excluding contractors from further tranches of mini-competitions in instances where the Contractor's performance has remained sub-standard when further mini-competitions are issued.

In cases where work remains incomplete, and the Instructing officer has cause to believe that the outstanding work may not be completed/remedied in a reasonable timeframe, the Instructing Officer reserves the right to terminate existing Order (s) and award to alternative contractors. The Contractor acknowledges that the appropriate works must be done within a specific timeframe that is not 'open ended'.

In cases where the Contractor's work is deemed to be sub-standard and late, the Instructing Officer shall discuss the matter(s) with the Contractor. The Contractor shall be given a reasonable opportunity to recover performance before the Instructing Officer performs any actions specified above.

Your bids should remain open for acceptance for a minimum of 30 days. The Council is not bound to accept any quotation. Any accepted quotation will be awarded based on the criteria set out above. Acceptance of the quotation by the Council shall be in writing and on the Council's official order form.

Please note that this enquiry is not an order. If your quotation is accepted, an official Purchase Order will then be raised. The Order will be subject to the **Framework Agreement for the provision of Arboricultural Services 2021-2025**.

Yours faithfully

Jake Camilleri – Instructing Officer
