

TREE WORKS NOTIFICATION – PLANNED TREE PLANTING

Schedule reference: 1885

A brief outline of the planned planting can be found in the table below; however, full details can be found in the attached schedules and maps. I refer you to Policy GM3 of the Cambridge City Council Citywide Tree Strategy 2016-2026 Part 2:

“All planned tree works will be published on the Council website and through site notices for the community to access at least 20 working days before implementation. The council sees this as an important tool for communicating to the local community about tree work planned for their area and the reasons why the works are necessary.”

<https://www.cambridge.gov.uk/tree-strategy>

The notification period will run for **20 days** from the date of publication of the schedule.

The the works within this schedule consists of replacement planting for trees that have been removed.
