

TREE PLANTING NOTIFICATION – PLANNED TREE PLANTING

Schedule ref: 1872

A brief outline of the planned works can be found in the table below; however, full details can be found in the attached schedule 1872. I refer you to Policy GM3 of the Cambridge City Council Citywide Tree Strategy 2016-2026 Part 2:

“All planned tree works will be published on the Council website and through site notices for the community to access at least 20 working days before implementation. The council sees this as an important tool for communicating to the local community about tree work planned for their area and the reasons why the works are necessary.”

<https://www.cambridge.gov.uk/tree-strategy>

The notification period will run for **20 days** from the date of publication of the schedule.

The majority of the works within these schedules consist of minor pruning to address health and safety issues, or more significant works to remove trees that are dead, dying, or diseased, or replacement planting for trees that have been removed.

Works Reference number and schedule title					
Ref:	1872 / PLA Whitehill estate (86 trees)				
Wards included within planned works:					
Abbey	x	East Chesterton		Queen Ediths	
Arbury		Kings Hedges		Romsey	
Castle		Market		Trumpington	
Cherry Hinton		Newnham		West Chesterton	
Coleridge		Petersfield			
Within the following Council service areas:					
Highways	x	Housing	x	Parks	
Brief description of the works and approximate number of trees involved					
<ul style="list-style-type: none"> 86 trees are proposed for planting in the Whitehill Road estate area. 39 of these trees (adjacent Whitehill Rd) have already been consulted on and agreed on as part of an environmental verge improvement measure. While funding has been secured for these trees, planting of the remainder may depend on the outcome of a grant funding application under the Urban Tree Challenge Fund - GOV.UK 					

www.gov.uk.

- The majority of the proposed trees are replacements for existing trees that have failed.

Please note: where trees are due to be felled, these are marked on-site with green tape.
