

(CCC) COVID small business grants

1. How many accounts/businesses received payments in respect of properties registered for business rate purposes as self-catering units / holiday lets - and what was the total paid out to these businesses under each tranche?
2. Of these COVID payments to self catering units, how many were paid to businesses that get full small business rate relief (ie, have no business rates to pay), and how many to businesses that get partial relief (ie, do pay a portion of business rates)?
3. Of these COVID payments to self catering units in receipt of small business rate relief, how much was paid out in total, and to how many accounts, in respect of self catering/holiday lets registered to people living outside the council's geographic area, in each tranche?
4. Separately, I would be grateful if you could also provide me with the most up to date figures you have available on the total number of properties registered as second homes for council tax purposes.
