Charity Commission guidance on internal financial controls

NCVO have some detailed guidance on Financial Procedures:

[knowhow.ncvo.org.uk/tools-resources/financial-procedures-manual/writing-the-financial-procedures-manual](http://knowhow.ncvo.org.uk/tools-resources/financial-procedures-manual/writing-the-financial-procedures-manual)

#### Budgeting

**Prepare annual budgets (for the whole organisation) for the following financial year, based on past experience and reasonable estimates of the costs of an approved work programme.**

Trustees should start working on this in enough time for it to be ready by the start of the financial year that it covers.

Annual budgets should contain:

- an opening balance
- all estimated receipts/income, analysed under activity/service headings and listing separately all sources including statutory sector grants
- all estimated expenditure, analysed under activity/service headings
- a closing balance

#### Overheads and full cost recovery

Full cost recovery is the system by which organisations secure funding for the full cost of a project/activity by including both the direct costs of the project and a relevant portion of overhead costs within funding applications.

Further help can be obtained by visiting:

[www.tnlcommunityfund.org.uk/funding/funding-guidance/full-cost-recovery](http://www.tnlcommunityfund.org.uk/funding/funding-guidance/full-cost-recovery)

[knowhow.ncvo.org.uk/organisation/financial-management/planning-and-budgeting/project-budgeting-and-full-cost-recovery](http://knowhow.ncvo.org.uk/organisation/financial-management/planning-and-budgeting/project-budgeting-and-full-cost-recovery)

**Monitor the budget regularly** (quarterly, termly or half yearly as appropriate):

- review their current year's budget in line with actual income and expenditure
- decide on appropriate action to deal with overspends and underspends
- Revise the budget accordingly

## Record keeping

**There should be some paperwork for each financial transaction e.g. invoice, receipt, petty cash voucher, letter form funder etc.**

- record all financial transactions in a book keeping analysis system that allows the identification of restricted receipts and payments
- reconcile accounts with bank statements monthly
  
- check and reconcile petty cash systems weekly
- receipts and invoices must be on official headed paper and must have been prepared by the payee

## Accounts & Annual Reports

**Accounts:** All charities must prepare accounts and make them available on request.

**Prepare accounts for every year, always using the same agreed 12-month period, and take the full set of accounts to the Annual General Meeting for consideration and approval.**

They must contain brought forward and carried forward figures, information about income and expenditure and a balance sheet/statement of assets and liabilities; reporting separately on Restricted Funds

Prepare accounts and have them checked in accordance with your organisation's status, income and governing document. (refer to chart below relating to charities' statutory obligations and an example of good practice for other organisations).

Deposit copies with Charity Commission, Companies House, and funders as required. Charities full accounts must be made available to any member of the public who requests a copy.

**Trustees' Annual Reports:** All registered charities must also prepare a trustees' annual report and make it available on request.

What to put in your annual report depends on your charity's income and value of assets.

Detailed guidance see link:

[www.gov.uk/guidance/prepare-a-charity-annual-return](http://www.gov.uk/guidance/prepare-a-charity-annual-return)

## Reserves

**Prepare, agree and review a reserves policy which meets Charity Commission guidelines**

[www.charitycommission.gov.uk/detailed-guidance/money-and-accounts/charities-and-reserves-cc19/](http://www.charitycommission.gov.uk/detailed-guidance/money-and-accounts/charities-and-reserves-cc19/)

- decide what eventualities need to be covered by money kept in reserve and how much is needed
- re-calculate annually the amount of money needed by the items in the reserves policy
- report the reserves policy and the current situation as part of the annual accounts

**We need to have a clear understanding of your policy and that it explains and justifies the reserves held.**

A statement in your annual accounts should detail how much should be kept in reserves according to your policy, how much you actually have in reserves and an explanation of how any significant difference between the two will be dealt with.

## Unrestricted Funds

- **Unrestricted Designated Funds** are part of the unrestricted funds that trustees have earmarked for a particular purpose without restricting or committing the funds legally. The notes in the accounts should explain the purpose of designated funds.

**For our consideration they must be realistic, supported by a structured plan and indicate the time they are likely to be spent.**

- **Unrestricted General Funds** are unrestricted funds that have not been earmarked for a particular purpose and can be spent at the discretion of the trustees in accordance with the organisation's objectives.

## Accounting and audit requirements for accounts for charities

### Please read carefully

- Charities preparing Accruals Accounts - only SORP (FRS 102) applies – there is no longer the option to prepare accounts following the FRSE SORP.
