Vision and Objectives

Our Vision for the Area is that:

North East Cambridge will be a socially and economically inclusive, thriving, and low-carbon place for innovative living and working; inherently walkable where everything is on your doorstep.

To achieve this vision, we will be guided by 19 objectives grouped under the following three broad headings:

1. A place with a strong identity that successfully integrates into the surrounding area, bringing economic growth and prosperity that is delivered with social justice and equality;

2. A high quality, healthy, biodiverse place which will be a major contributor to achieving zero carbon in Greater Cambridge by 2050;

3. A City Innovation District which will deliver affordable homes, a diverse range of quality jobs and excellent neighbourhood facilities.

Do you agree with the proposed vision and objectives? What changes would you make?
