WHAT OTHER USES WILL NEED TO BE PROVIDED?
There will need to be a range of local shops and services, including schools, healthcare, recreation and leisure opportunities, provided within the plan area. These can act as the heart of the community but need to be located so they are accessible to surrounding communities.

WHAT ARE SOME OF THE OTHER KEY ISSUES FOR THE PLAN TO GRAPPLE WITH?
The successful regeneration of the plan area is not just about providing for new development and physical growth, it is also about the realisation of the social and economic benefits and improvements to the overall quality of place that new development can deliver. We also need to consider use of technology to inform people’s choices about their lifestyle, work and travel options.
