

TREE WORKS NOTIFICATION – PLANNED TREE MAINTENANCE

A brief outline of the planned works can be found in the table shown below however; full details of the planned works can be found within the attached schedules and maps. I refer you to Policy GM3 of the Cambridge City Council Citywide Tree Strategy 2016-2026 Part 2:

“All planned tree works will be published on the Council website and through site notices for the community to access at least 20 working days before implementation. The council sees this as an important tool for communicating to the local community about tree work planned for their area and the reasons why the works are necessary.”

<https://www.cambridge.gov.uk/tree-strategy>

The notification period will run for 20 days from the date of publication of the schedule.

Works Reference number and schedule title:					
Ref:	1592 / SRA Madingley Road (west)				
Wards included within planned works:					
Abbey		East Chesterton		Queen Ediths	
Arbury		Kings Hedges		Romsey	
Castle		Market		Trumpington	
Cherry Hinton		Newnham	X	West Chesterton	
Coleridge		Petersfield			
Within following Council service areas:					
Highways	x	Housing		Parks	
Brief description of the works and approximate number of trees involved					
<p>The work will involve the removal of a group of young silver maple and hawthorn.</p> <p>The trees are most likely self-sets, around 7m in height and of moderate amenity value.</p> <p>The proposal to coppice these trees and manage them to a height of no more than 2.5m in the future to reduce the environmental impact. This is a subsidence risk abatement measure.</p> <p>Robust evidence has been presented to the Council showing damage to an adjacent property. The evidence is consistent with tree related subsidence and points to this group as an effective cause.</p>					

The County Council is at risk of being liable for the cost of stabilising the property should no action be taken to stop further damage from occurring. A new cycle of damage is likely to occur as the trees come out of dormancy and leaves up.

As such is it proposed to remove the trees on a precautionary basis.

Please note: where trees are due to be felled, these are marked on site with green tape.

Location:

SRA Madingley Road (west)

Order no/ref:
Contract/Client Ref:
Item created: 30 July 2020

Site type:

Priority of works:
Start on/after:
Complete by:

Tree/Item code	Species/Work required	Quantity
----------------	-----------------------	----------

Madingley Road (MADINR), Castle

Grp/10.4 (12345: Various species (Various species) r/o Schofield Centre		
RGL Rem - tree to ground level remove to ground level all stems over 50mm in diameter		1 tree

Schedule item analysis :-

RGL	Rem - tree to ground level	1 tree
-----	----------------------------	--------

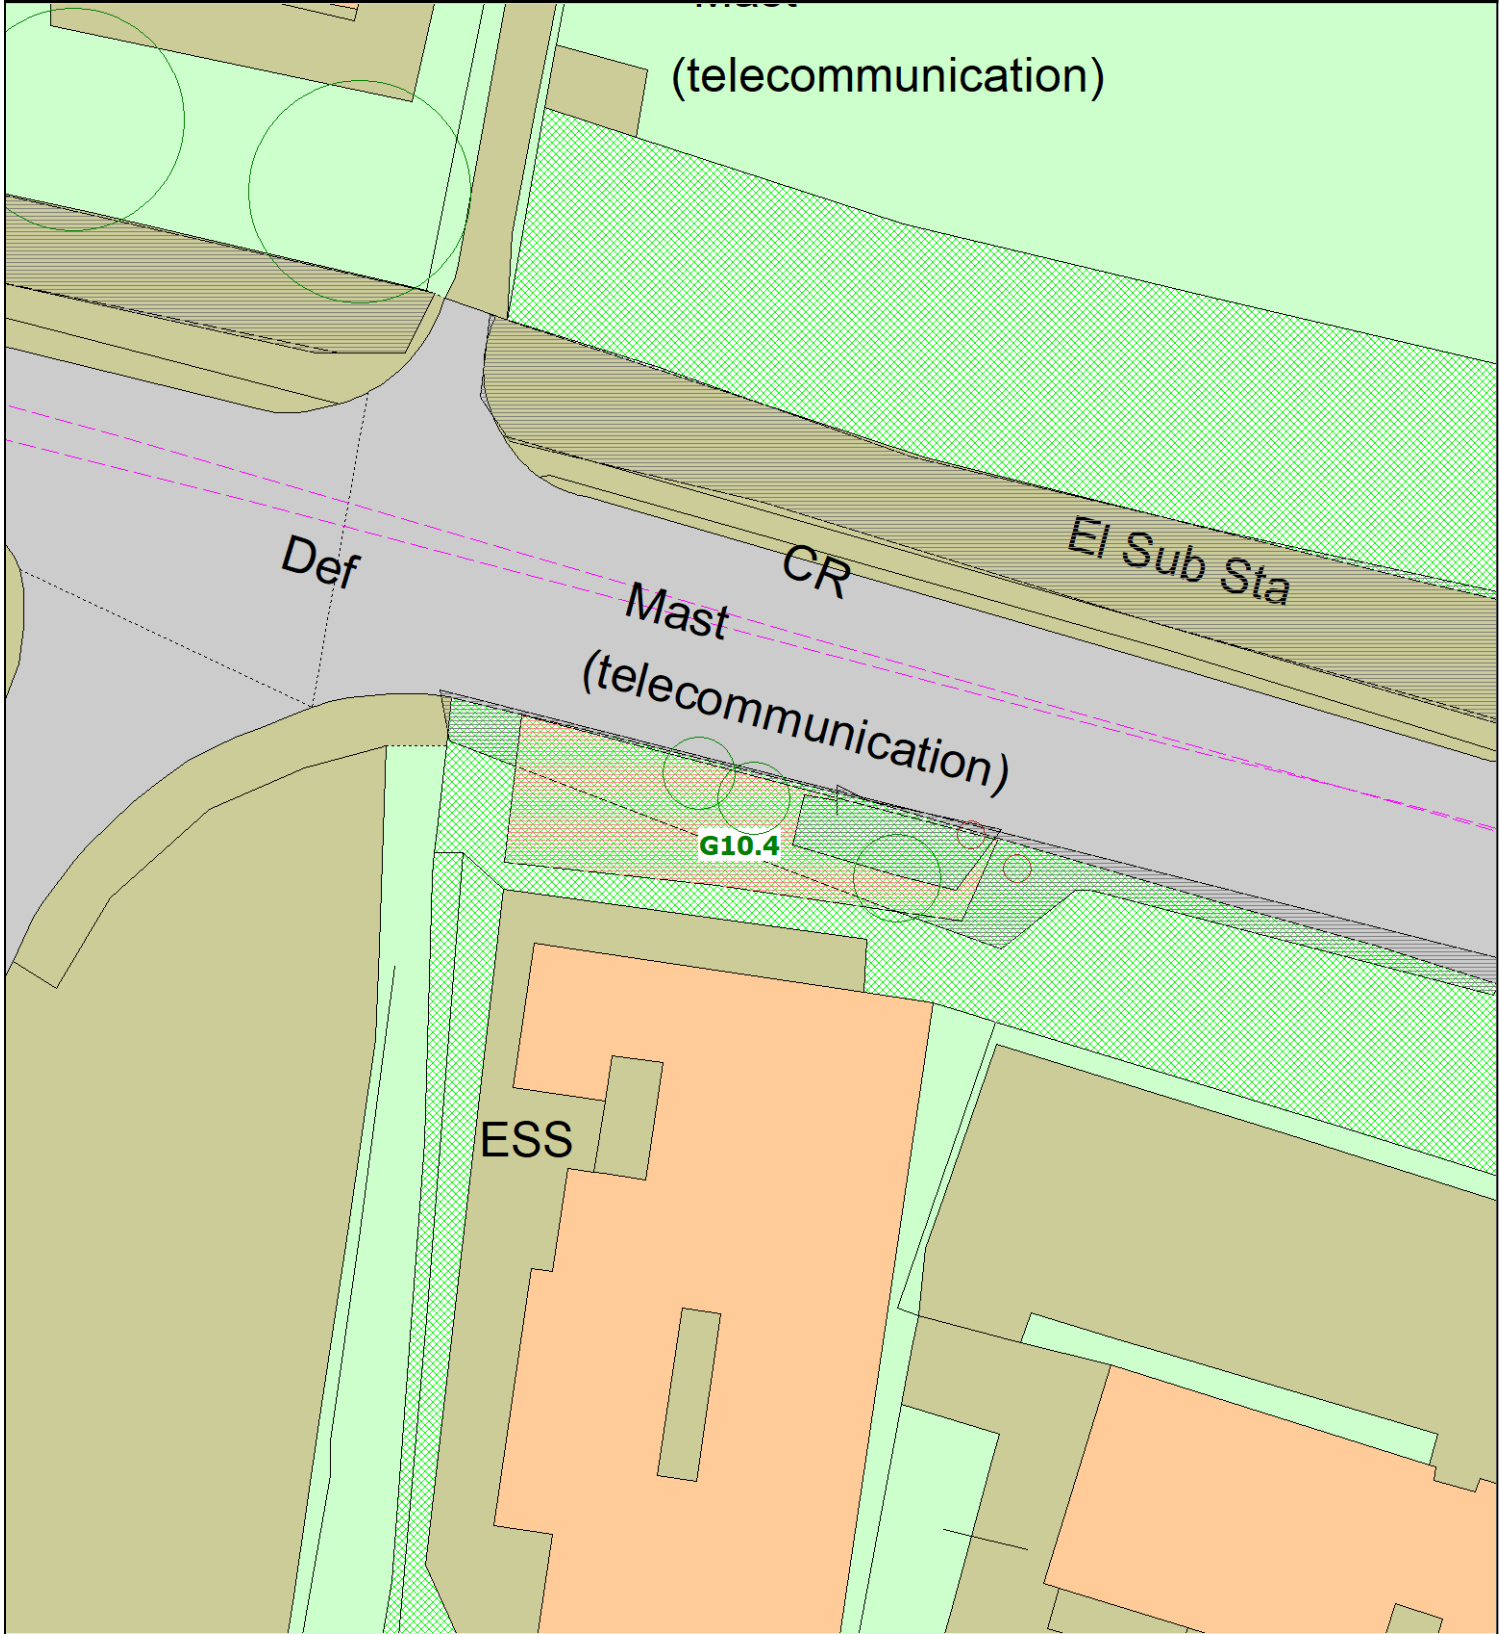

NOTE Remove trees from the road edge to the fence line (shown in the photo) within the area identified on the map
