Acoustic Shock reporting by other companies or individuals under RIDDOR guidelines since 2000

I am writing to request an Freedom of Information request relating to all accidents reported by BT (British Telecommunications PLC) for Acoustic Shock since the year 2000 which has resulted in an absence of more than seven working days in line with the correct accident reporting procedure for RIDDOR guidelines under the Health and Safety at Work Act 1974.

I am also requesting a Freedom of Information request relating to all accidents reported by any other companies or individuals for accident since the year 2000 relating to Acoustic Shock which has resulted in a period of absence of more than seven working days under the RIDDOR guidelines in line with the Health and Safety at Work Act 1974.

**Response:**

Cambridge City Council has no reported instances of a RIDDOR with respect to acoustic shock since our records began in 2004.
