(CCC) Pensions Software

We would like to request information under the Freedom of Information Act 2000 (FOIA). The information required is in relation to contracts for pensions administration software services entered into by the Council, either directly or by means of an outsourced arrangement with a third party, specifically:

1. Name of supplier contracted to provide pensions administration software for the Local Government Pension Scheme which the Council participates in
2. Contract description
3. Contract start date
4. Contract duration
5. Please provide information on any extensions to this particular contract

Response:

Pension administration is included in the HR & Payroll system that we use. This is currently Resourcelink which is managed by Zellis.

The contract is to provide Cambridge City Council with a compliant HR & Payroll system which allows us to meet all our statutory requirements and enables us to produce the monthly returns required for LGPS.

These returns are sent to LGSS who manage the Cambridgeshire fund for LGPS. The return is sent using 3rd party software provided by LGSS. The software used is i-Connect. The contract started in April 2018 runs until March 2021.

It is a 3 year contract.

There will be no extension on this.

Further queries on this matter should be directed to foi@cambridge.gov.uk
