(CCC) Trees

This FOI request relates to the tree survey carried out for the developers and partners of the land that was previously the site of the Voyage Care home on Fen Road, Chesterton, 71-73 Fen Road. We believe any tree survey carried out must have been commissioned using council taxes, and so should be in the public domain, which we do not think it is. Our requests to the developers for this survey have not resulted in release of this survey. We would like released:

1. The tree survey, or, if not in a written form, emails relating to surveys and categorisation of trees on the site.
2. Any email or other correspondence between the developers and City Council officers and councillors on the subject of this tree survey including, particularly, details of assessment and categorisation of trees on the site including the Irish yew in the centre of the area.

Response:

Link to Planning portal forwarded that has full details of tree survey
