Please would you let me know:

1. Between 13 April 2011 and 13 April 2019 how many Domestic Homicide Reviews (DHRs) were commissioned on behalf of your Community Safety Partnership (CSP)?
2. Of those how many have been completed?
3. How many of the DHRs commissioned on behalf of your CSP between 13 April 2011 and 13 April 2019 involved Interpersonal Homicide (IPH)\*? Please include within this number any reviews commissioned as DHRs in response to suicide where interpersonal violence or abuse was thought to be a factor.
4. Of the DHRs that did not involve Interpersonal Homicide (IPH) how many involved a victim who was a carer towards the perpetrator? Please do include within this number victims with any kind of caring role towards the perpetrator whether formal or informal.
5. Please provide copies of any DHRs commissioned by your partnership between 13 April 2011 and 13 April 2019 which have been published (for any length of time) which do not involve Interpersonal Homicide (IPH). For DHRs where both the Executive Summary Report and Overview Report have been published, please provide both reports.

\*In case it helps for clarity, Interpersonal Homicide (IPH) in the context of this request is referring to the part of the Domestic Violence, Crime and Victims Act 2004 which says, 'with whom he was or had been in an intimate personal relationship' (see highlighted section below)

**Response:**

I can confirm that the Cambridge Community Safety Partnership has only conducted one Domestic Homicide Review, the details of which can be found at the following webpage, under "Reports": Cambridge Community Safety Partnership - Cambridge City Council
