

**(CCC) Planning**

1. What were the total number of planning applications in the 2018, 2019 and 2020 calendar years?
2. Of these applications, how many were retrospective applications rather than applications in advance of development?
3. What were the total number of applications for certificates of lawfulness of existing use or development (CLEUD), where use or development already existed in the 2018, 2019 and 2020 calendar years? These are sometimes known as lawful development certificates or certificates of lawful use. I do NOT want any details on CLOPUD applications.

**Response:**

Planning Applications 1. What were the total number of planning applications in the 2018, 2019 and 2020 calendar years?

Attached is a count of applications, included for both SCDC and CCC.

2. Of these applications, how many were retrospective applications rather than applications in advance of development?

The information on retrospective applications is not held in such we can provide an accurate report as it is dependent on the wording on the form, we have searched and provided these numbers but please note it may not been exact.

3. What were the total number of applications for certificates of lawfulness of existing use or development (CLEUD), where use or development already existed in the 2018, 2019 and 2020 calendar years? These are sometimes known as lawful development certificates or certificates of lawful use. I do NOT want any details on CLOPUD applications.

The certificates come under section 191, I have highlighted this row.
