4. How many households have been on the list for a) between five years and ten years b) ten years or more
5. With regards to household that has been on the list the longest, how long have they been on the list?
6. Can you provide the same figures provided for questions 1. 2. and 3 for each of the last ten years or as far back as the cost limit will allow?

Response:

No records of reasons for removal from the register;
Many could have been removed before initial registration was completed;
Regular reviews mean that it is not likely to remain on the register for many years;
A comprehensive re-registration exercise in 2019 due to IT change means that no application has a registration date exceeding 2 years;
Date in band does not signify time in need, because Armed Forces personnel are entitled to notional 'dates in band'
