(CCC) Sheffield Stands

I would be grateful if you would kindly send to me:

1 A copy of both parts of your self-build register containing all information about requirements of applicants except names and addresses.

2 Whether you would accept provision of self-build plots for local people as sufficient reason to grant permission for rural exception sites.

3 To what extent you would you accept qualifying s-b plots as satisfying your 40% affordable requirement.

Response:

We ascertain the Council does not hold the information you seek at this time. The work is however ongoing but unachievable in the timescales and within the financial limits set in relation to costs of an FOI request. We will however be able to share this information at a future date. We are currently auditing a range of sites identified in this attached map.
