Park & Ride update

Update from South Cambridgeshire District Council to Cambridge East Community Forum in October 2026.

South Cambridgeshire District Council is expanding its crackdown on anti-social behaviour at Park and Ride sites, with Public Spaces Protection Orders (PSPOs) proposed for Longstanton and Newmarket Road.

The move builds on action already taken at Park and Rides at Milton in 2025 and Babraham Road this year, where local people overwhelmingly backed tougher measures to tackle dangerous and disruptive behaviour.

A public consultation on the proposed PSPOs for Longstanton (busway) and Newmarket Road launches today (9 November) with a deadline of Monday 7 December, giving residents, businesses and Park and Ride users the opportunity to have their say on the plans.
