£9.8m

Collected on behalf of Cambridge
City Council for services

££££££££££

#### Balancing the budget

We need to reduce our net spending by around £6 million in the next three financial years.

We expect our annual net spending will need to be around £11.1 million less in 2029 than it is now for the council to be financially sustainable.

#### Transformation programme

The Our Cambridge transformation programme focuses on:

- Creating a financially sustainable council that can protect and deliver essential services in the long term
- Changing how we do things to deliver a better future for our communities and businesses
- Achieving operational efficiencies, improvements, and savings
- Generating additional income.

#### Budget consultation: 2023/24

#### Share your views on:

- the services we provide
- our proposals to balance our budget for April 2024 to March 2025.

Take part in the consultation online by 14 January

cambridge.gov.uk/consultations

#### Cambridge 2040

- Cambridge Delivery Group
- £2 million to address water scarcity
- £3 million for the Cambridge Delivery Group to explore the case for a development corporation
- Emerging Greater Cambridge Local Plan

#### Partnership working

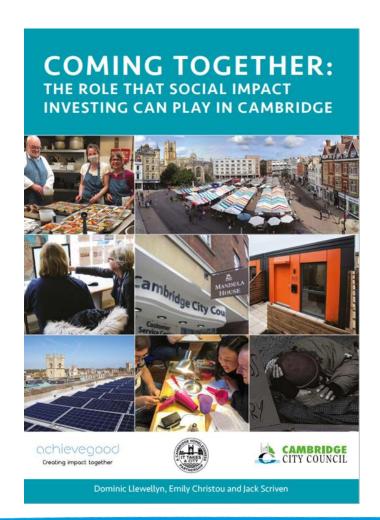

#### Community Wealth Building

- Taking a collaborative approach
- Using the council's resources, assets and powers
- Building an inclusive and sustainable economy
- Building community power

#### Greater Cambridge Social Impact Fund

- £10 million initial investment
- Innovative approach to tackling inequality especially around education, social mobility, health and life expectancy and homelessness
- Donating or investing money with the Fund
- Enabling local charities, social enterprises and community initiatives to develop, test, and scale meaningful and measurable solutions

#### Vision for the city

- One Cambridge, Fair for All
- Tackling climate and biodiversity crises
- A great place to live, learn and work

# State of the City insights Assistant Chief Executive, Andrew Limb

#### 'State of the City' dashboard and report

A shared evidence base for the council, voluntary and community sector, partner organisations, and other stakeholders to use to make informed decisions

#### Did you know?

85% of workforce NVQ Level 3 or above. Yet 4% of vacancies unfilled due to skills shortages 114 instances of storm overflows discharged into Cam Valley Chalk Streams in 2022, down from the high of 225 in 2021

Cambridge residents were the least likely to start an apprenticeship in England in 2021/22

Cambridge was the happiest city in England 2020-22

Cambridge has the highest life expectancy of any city, but also the highest gap between most and least deprived areas: 12 years

1 in 10
Cambridge
households
remain affected
by fuel poverty

Walking and cycling rates are very high but are still below prepandemic levels

Cambridge has one of the fastest growing populations in the country, with 145,700 in 2021

8 in 10 residents are in work. Majority who aren't are full-time students. 9 in 10 of those out of work say they do not want to or are unable to work

1 in 10 children live in poverty, increasing to 2 in 10 in more deprived neighbourhoods

Air pollution exposure remains above average. 48 mortalities were attributable to air pollution exposure in 2021

# Introducing the Rich Picture Acting Chief Executive, Jane Wilson

#### We asked residents:

What makes your daily life safe, happy and healthy?

What do you like about where you live?

What do you dislike about where you live?

#### The top three responses were:

What makes your daily life safe, happy and healthy?

- Open spaces
- Community (family, friends and good neighbours)
- Housing proximity to shops and services

What do you like about where you live?

- Housing proximity
- Open spaces
- Community

What do you dislike about where you live?

- Potholes
- Transport congestion
- Parking on pavements/ verges
