CAMBRIDGE CITY **and** **SOUTH CAMBRIDGESHIRE**

Hearings Programme **Version 11**

The information in this programme relates to blocks of hearings currently identified to be held after the hearings reconvene. Details relating to previous blocks of hearings already held may be viewed in version 7 of the hearings programme which can be accessed from the Councils' examinations webpages.

14 July 2016

LOCAL PLAN EXAMINATIONS CAMBRIDGE CITY and SOUTH CAMBRIDGESHIRE

Venue: The venues for the hearing sessions will be indicated on each page of the hearings programme. The Examination will sit from 10.00 am to approximately 5.00 pm (unless indicated otherwise in the Programme), with a break for lunch at about 1.00 pm. The afternoon sessions will start at 2.00 pm unless otherwise indicated.

Agents: Names of agents or other representatives are shown in brackets.

Participants listed in a hearing:

Please check the date(s) of the hearing(s) in which you are participating. If you are listed as a participant in a hearing please provide confirmation of attendance to the Programme Officer as a matter of urgency and at the very latest by the deadline indicated for statements for that hearing in the timetable.

Statements:

Statements are asked to focus and respond to the questions posed by the Inspector in the Matters and Issues for the relevant hearing and which relate to your original representation(s) identified for that hearing. The Matters and Issues may be viewed via links from the examinations webpages.

Information concerning the format of statements for hearings is in the Guidance Notes which have been provided to all representors.

One statement should be submitted covering all the relevant sections of a Matter where a participant is listed in more than one section of that Matter. The 3000 word limit for a statement applies to the whole Matter, not each individual section.

Five paper copies of all documents are required for the Examination, A4 size (or folded to A4 size), **all** clearly marked at the top right-hand corner of the first page with the Matter Number, Personal Reference, and relevant representation numbers. The Representor's name should also be included in addition to the agent acting on their behalf, if relevant. Your Personal Reference and the relevant representation numbers can be found in the hearings programme in the list of the participants identified for each hearing session. All documents, including appendices, should be page numbered.

The five paper copies of your statement should be sent to the relevant postal address indicated below on page 3 of this document. In addition, also supply an electronic version of your submissions to the relevant email address below.

Statement deadlines:

The Statement deadline date for each week is clearly shown at the top of each week of hearings. Failure to comply with the deadline may jeopardise the timetable for the Examination and therefore result in that representor's appearance being cancelled and considered by the Inspector as a written representation.

Participants in the hearings are reminded that the absolute deadline for submission of the paper copies of their Statement for a particular hearing to the Programme Officer is no later than midday on the deadline day. Please also supply an electronic version of your submissions to the relevant email address below.

Cambridge City and South Cambridgeshire

Hearings: Please remind yourself of the Inspector's guidance concerning the format of hearings at this Examination, contained in the Guidance Notes and in the Notes of the Pre-Hearing Meeting. If you are listed as a participant in a hearing you must confirm your intention to participate to the Programme Officer at the very latest by the statement deadline indicated for that hearing in the timetable. If you do not respond by the deadline, the Inspectors will assume that you intend to rely on written representations and will not participate at the hearing.

Please be aware that if a site listed in the hearings programme receives planning permission or the Council resolves to grant permission subject to Section 106 agreement the hearing session will be removed from the programme in accordance with Inspector Note 1 (RD/Gen/150)

The Inspectors have had a limited amount of time at this stage to consider the substantial number of representations to the Councils' proposed modifications. They have therefore decided to focus on three specific issues in the hearings to be held in the first week of June. These are the objectively assessed need for new housing; the proposed joint housing trajectory; and the Green Belt Review. Many of the proposed modifications will be considered as and when specific policies or allocations/designations are the subject of hearings later in the Examination. The Inspectors will decide, in due course, whether to hold a further hearing in relation to the issues raised in their initial conclusions regarding the overall spatial strategy of the Plans.
